## Vancouver Electric Vehicle Association

# Electric Vehicle Buyer's Guide

### Full-function Vehicles

These are electric vehicles that could replace your present car for all but the longest trips.

Tesla Motors  
San Carlos, CA  
Tel: 650-413-4000  
< <http://www.teslamotors.com>>

Silence, Inc.  
Quebec, Canada  
[informations@silenceinc.ca](mailto:informations@silenceinc.ca)  
<<http://www.silenceinc.ca>>

### Limited-Speed Vehicles

Limited to 40kph top speed and legal for use on roads with posted speed limits up to 60kph, LSV's are well-suited for short urban trips and commutes. An excellent choice for a second car.

American Electric Vehicle Company  
Ferndale, MI  
Tel: 800-704-8950  
[inquiry@getkurrent.com](mailto:inquiry@getkurrent.com)  
<<http://www.getkurrent.com>>

Dynasty Electric Car Corp.  
Delta, BC  
Tel: 604-526-6060  
[info@itiselectric.com](mailto:info@itiselectric.com)  
<<http://www.itiselectric.com>>

Global Electric Motorcars  
Fargo, ND  
Tel: 888-871-4367  
<<http://www.gemcar.com>>

ZENN Motor Company  
Toronto, ON  
Tel: 877-817-7034  
Fax: 416-535-4043  
<<http://www.zenncars.com>>

## Turn-key Conversions

Geo Metro, S10 pickup, Dodge Neon  
and others built to order

## Bicycles, Scooters, and Motorcycles

Due to the sheer number of choices  
available for this class of vehicle, a list  
of some of the local stores is provided  
rather than attempting to list specific  
models.

Buy a vehicle professionally converted from ICE to electric  
power.

AC Propulsion (Toyota Scion xB conversion)  
San Dimas, CA  
Tel: 909-592-5399  
Fax: 909-394-4598  
[ebox@acpropulsion.com](mailto:ebox@acpropulsion.com)  
<<http://www.acpropulsion.com>>

Canadian Electric Vehicles  
Errington, BC  
Tel: 250-954-2230  
Fax: 250-954-2235  
[randy@canev.com](mailto:randy@canev.com)  
<<http://www.canev.com/>>

Electrovaya  
Mississauga, ON

Fax: 905-822-7953  
[sales@electrovaya.com](mailto:sales@electrovaya.com)  
<<http://www.electrovaya.com>>

Smaller vehicles such as these are ideally suited for urban travel.  
If you are already a cyclist, and looking for a way to take some  
of the exertion out of your travels, an electric-assist bicycle  
might be just what you need.

E-Cycle Electric Vehicles  
Vancouver, BC  
Tel: 604-732-3111  
Fax: 866-278-6685

Fax: 503-774-4479  
[ac@metricmind.com](mailto:ac@metricmind.com)  
<<http://www.metricmind.com>>

## Gasoline-Electric Hybrids

When a second car isn't an option and you frequently travel more than 50-100km per day, a hybrid may be the best option.

Available hybrid models from Toyota include the Prius, Camry and the Highlander SUV.

Available hybrid models from Lexus include the GS450h and the RX400h SUV.

Available hybrid models from Honda include the Civic and Accord.

Available hybrid models from Ford include the Escape and Mercury Mariner.

## Plug-in Hybrid Conversions

Have your hybrid vehicle modified to allow driving further on electric power, and to allow recharging the battery with clean hydro-electric power instead of burning gasoline.

Conversions available for the 2004 and newer Toyota Prius.

EDrive Systems LLC  
Los Angeles, CA  
[info@edrivesystems.com](mailto:info@edrivesystems.com)  
<<http://www.edrivesystems.com>>
